High-purity NAM

DIETARY SUPPLEMENT

500

500 mg / 250 tablets

NAM (nicotinamide) is a form of vitamin B3. (It is biologically unrelated to the alkaloid nicotine, and is not habit-forming.) NAM has been found to stimulate the part of the immune system responsible for the killing of *Staphylococcus aureus* — the bacterium responsible for antibiotic-resistant staph infections, such as MRSA and "flesh eating disease".
