

HIGH STRENGTH

Phosphatidyl Serine Complex

With active Ginkgo Biloba and Ginseng

**120 Tablets**

Product Information

Discovered only recently, Phosphatidyl Serine is a naturally produced chemical which is present in the brain. It is common for our levels of Phosphatidyl Serine to decrease as we age and therefore supplementation may help to replenish the body's natural supply, supporting brain function.

Ingredients - Each Tablet Contains:

Phosphatidyl Serine 28.58mg (70%) providing 20mg, Ginkgo Biloba Extract 8mg (50:1) equivalent to 400mg, Korean Ginseng 4mg (50:1) equivalent to 200mg. Other Ingredients: Dicalcium Phosphate, Microcrystalline Cellulose, Magnesium Stearate, Silica.

Suggested Daily Intake

Take two tablets daily as a food supplement or as directed by a healthcare professional.

Important Information

If you are taking any prescription medication, you have a medical condition or you have specific concerns about the suitability of our products, always consult your GP or Pharmacist prior to taking supplements. Do not exceed stated dose. Store in a cool dry place. Keep away from children at all times. Do not use if seal is broken. Pregnant or lactating women should consult a Doctor before using this product. Image is for illustration purposes only. Suitable for Vegetarians. Food supplement: This product should not be used as a substitute for a varied diet.
