What are Probiotics?

Probiotics mean "for life" and are good bacteria like those that live naturally in your digestive tract. They're important in supporting digestive and immune health.*

Why are Probiotics important?

Your body contains a balance of bacteria. That's why it's important to replenish your body's good bacteria with probiotics every day. Probiotics can be an important addition to a healthy you.

Supports Your
Health Every Day*

The TruBiotics™ Promise:

- Made with the highest product and quality standards.
- Contains a blend of two probiotics, *Lactobacillus acidophilus* LA-5® and *Bifidobacterium animalis* BB-12® in capsule form.
- With TruPreserve®, a canister designed to safeguard the live and active probiotics.
- From the makers of One A Day®, nutritional experts in multivitamins.

Does not contain animal-based gelatin
