

Omega Vitals: Available as a stand-alone or as part of Vi-pak[®]

> Support your body
and mind with healthy
essential oils[†]

What is it?

Omega Vitals is a proprietary blend of
Essential Fatty Acids to promote health, cognitive function
and cardiovascular support.[†]

What does it do?

Essential Fatty Acids may not sound like they support your health,
but they do. They provide the crucial building blocks for every cell
membrane in your body and produce key ingredients for energy
metabolism, cardiovascular health and immune health.[†]

Regular usage of Omega Vitals helps if you do not eat enough fish.

Not only are Essential Fatty Acids important to help maintain
blood pressure and cholesterol levels that are already within the
normal range, they also help support brain function and a
healthy mood and appearance.[†]

Key ingredients

Proprietary Blend—purified essential oils from Fish,
Evening Primrose, Flaxseed and Pumpkin Seed

SUPPLEMENT FACTS

SERVING SIZE

1 softgel
