

KALMZ

Product Summary

Life can be anything but calm at times. VerVita Kalmz calms the body, mind and spirit. The formulation helps release the physical and emotional pain and stress that accompanies traumatic situations with their burdens of anxiety, depression, low self-esteem, emotional blocks, anger, fear, negative emotions, and broken heart. When the brain and nervous system are in “roller coaster” mode, they generate a cascade of electricity to push and pull a tired body to function one more day. Sooner than later multiple symptoms and syndromes begin to occur because of the over-the-top electrical energy situation. These may include ringing ears and aching teeth, seizures, coughing, strokes, fibromyalgia, Tourette’s syndrome, spinal injury, whiplash, hernia, fever, Bell’s palsy, numbness, tingling, ADD, autism, MS, Lou Gehrig’s, Parkinson’s, depression, anger, bipolar disorder, laryngitis, neuropathy, sciatica, spider veins, cracking nails, sneezing, allergies to electricity, angina, dropsy, anxiety, extreme hunger and more. Kalmz will bring a healing calm to the body’s high energy situation.

Keeping You Healthy With Kalmz

- **A Healthy Brain and Nervous System**

Kalmz calms the overactive brain and nervous system that extends to all parts of the body. It also calms and balances high intensity emotions.

- **A Healthy Immune System**

Kalmz brings relief from symptoms resulting from an overactive immune system such as pain, inflammation, mucus, pus, debris, acne, headaches, backaches, fever, etc. It functions as a natural antihistamine and is anti-inflammatory.

- **A Healthy Stomach, Kidneys and Bladder**

The vegetarian formula works well to neutralize the toxins that accumulate in the body due to emotions, stress, pain, environment, and diet.

Experience The Difference: VerVita’s formulas are designed to nutritionally support the body as a whole; balancing the vital energy that flows through every organ, gland, cell, and structure with materials that work synergistically to stimulate and relax, push and pull...creating a healthy rhythm and function.

Key Ingredients

Amino Acids: L-Tryptophan is an essential amino acid; a calming neurotransmitter that increases the brain’s levels of serotonin and melatonin. It has been used for anxiety, migraines, food cravings and certain types of depression.

Herbs: Valerian root, hops, and passion flower are nature’s calming sedatives for the central nervous system useful in decreasing stress, anxiety, fear and restlessness, thus increasing concentration. They are also known to alleviate stress and pain caused by nervous tension or inflamed nerves.

Minerals: Lithium calms and stabilizes the nerves. It may alleviate recurrent depression and headaches while stabilizing moods and improving learning and memory capabilities.

Ribonucleic Acid (RNA): RNA plays an important role in the genetic function and transfer of information within each cell of the body. It supports and may improve the function and memory of the brain.

Side Effects:

If one is anemic it is possible to experience anxiety and/or color blindness/blurred vision when taking this product. Switch to **Cir-Q Tonic®**, an alternative dietary supplement for those who suffer from anxiety resulting from anemia. It rebuilds and replenishes the blood and calms the anxious nervous system.
