## Resveratrol 250mg with All-Natural

**Pterostilbene** is an advanced complex that provides whole-body antioxidant support.\* This cellular age-defying formula combines two powerful compounds, Resveratrol and pterostilbene, for optimal wellness.\* Structurally similar to Resveratrol, pterostilbene is a potent polyphenol that is found in a variety of plants and fruits including blueberries.\*

Our pterostilbene source, Silbinol®, is naturally derived and free of any synthetic or chemical additives.\* Preliminary research suggests that pterostilbene, especially when combined with Resveratrol, may help provide optimal antioxidant support.\*
