Non-GMO

Gluten Free

Perfect Hydrolyzed Collagen - The perfect source for pure protein. Made only from Brazilian pasture-raised (grass-fed) cows, and untouched by hormones, antibiotics, chemical fertilizers or pesticides.

One serving of Perfect Hydrolyzed Collagen (PHC) provides 10 grams of protein with ZERO grams of carbs and fat. Collagen (a form of gelatin) is found only in animals and mostly in the connective tissues around the bones. The most abundant protein in the human body, collagen is essential for health.

Perfect Hydrolyzed Collagen delivers important amino acids that are difficult to

find in our diet, such as glycine, proline, and hydroxyproline. Research indicates that the amino acids found in collagen may help:

- Build human cartilage *
- Assist digestion*
- Support joint health *
- Improve skin & hair*

Unfortunately, as we age our collagen levels decrease. Perfect Hydrolyzed Collagen employs a unique enzymatic process that produces low molecular weight hydrolyzed collagen peptides that are easily digestible and highly bioavailable. This exceptional powder is tasteless, odorless, and quickly dissolves in any liquid.

3 STEPS TO ENJOYING 10 GRAMS OF GRASS-FED COLLAGEN PROTEIN

- 1 POUR PERFECT COLLAGEN PACKET INTO YOUR FAVORITE BEVERAGE (YEP, WATER WORKS!)
- 2 SHAKE OR MIX
- 3 ENJOY YOUR SUPERCHARGED COLLAGEN PROTEIN DRINK
