

Perfect Bovine Gelatin - The perfect source for pure protein. Made only from Brazilian pasture-raised (grass-fed) cows, and untouched by hormones, antibiotics, chemical fertilizers or pesticides.

Made from natural beef collagen, the Perfect Bovine Gelatin will gel and thicken when mixed with cold liquids. Perfect Bovine Gelatin provides an excellent way to supercharge your gummies, fruit gelatin, soups and custards with all natural and healthy collagen protein.

One serving of Perfect Bovine Gelatin provides 10 grams of protein with ZERO grams of carbs and fat. Collagen (a form of gelatin) is found only in animals and mostly in the connective tissues around the bones. The most abundant protein in the human body, collagen is essential for health.

Perfect Bovine Gelatin delivers important amino acids that are difficult to find in our diet, such as glycine, proline, and hydroxyproline. Research indicates that the amino acids found in collagen may help:

- Build human cartilage *
- Support joint health *
- Assist digestion *
- Improve skin, hair, and nail quality *

Unfortunately, as we age our collagen levels decrease. Perfect Bovine Gelatin provides an easy way to get more collagen in your diet. Add a scoop of Perfect Bovine Gelatin to your next recipe and discover the benefits of a diet rich in pasture-raised, grass-fed beef collagen protein.
