Protizyme is ideal for any consumer who demands superior quality, uncompromising results, and is looking to increase lean muscle mass, boost metabolism, improve health/wellness and maximize physical enhancement...guaranteed!

Dedicated to manufacturing high quality nutritional supplements, backed by scientific research and formulated by a medical doctor, Metabolic Nutrition® was the first to introduce a specialized designed protein to the marketplace – Protizyme. Acclaimed by physicians, athletes and consumers alike, Protizyme's premium pharmaceutical grade engineered protein increases protein absorption more than 300%!

In scientific terms, the secret lies within the unique manufacturing process of Protizyme, which differentiates from all other regular proteins in the marketplace. Protizyme's 10x ultra-microfiltered process preserves the essential protein-peptide structure which delivers greater concentrations of amino acids, glutamine and BCAA's. Each gram of protein in Protizyme is coated with only the most potent digestive enzymes...dramatically increasing digestion and absorption, therefore eliminating gas and bloating.

Protizyme is fortified with 24 essential vitamins and minerals, providing optimal nutritional benefit absent in other proteins. Additionally, Protizyme contains the highest levels of bioactive protein fractions and immunoglobulins to improve immune function, support intestinal health and promote a greater sense of well being. Lastly, Protizyme exclusively contains the ultra-powerful ingredient TAG (Trans-Alanyl-Glutamine), the world's only "Muscle Targeted Glutamine", which boosts your body's rate for muscle recovery and repair by over 425%!

What does this mean to you? It means you can absorb more protein per meal...50...60...or 70 grams or more... doubling your daily protein intake without the common gas, bloating, and upset stomach. More protein absorbed means increased protein synthesis, thus faster results than other regular proteins!

CAUTION: Do not exceed recommended dose. Not intended for use by persons under the age of 18; those with a medical condition, or those with a history of kidney disease. Do not use if pregnant or lactating. If you are under the care of a physician, please consult your physician before using this product. Do not use if tamper resistant seal is broken. KEEP OUT OF REACH OF CHILDREN. STORE IN A COOL, DRY PLACE AND AVOID EXCESSIVE HEAT.

Absorption Comparison

Preservation of Lean Muscle Mass During Exercise

Allergen Warning: Manufactured in a plant that also processes egg, soy, peanut, tree nut, fish, shellfish products.

Persons with mild to severe milk allergies should get approval from their physician before consuming this product. Protizyme contains whey protein, a byproduct of cheese manufactured from milk.

PROTIZYME®

Specialized Designed Protein

physician formulated

Superior To Other Proteins
Delicious Gourmet Flavor - Satisfies Hunger & Food Cravings
Perfect for Dieting - Low Carbohydrates, Low Fat, Low Calories
Fast and Easy to Digest – Potent Digestive Enzyme Complex
Builds Lean Muscle & Accelerates Metabolism
Zero Lactose, Zero Aspartame, Zero Trans Fat

NET WT. 5LB
DIETARY SUPPLEMENT

Metabolic® NUTRITION

Banana Creme

Protizyme increases protein absorption, muscle recovery, aids in fat weight loss, prolongs physical stamina, boosts immune system, maximizes nutrient utilization and stimulates muscle production greater than any other protein...making it a critical supplement. Protizyme is suitable for all: low-carbohydrate, low-fat, low-glycemic, reduced calorie, gluten free, and diabetic diets...as well as, a good food supplement for Bariatric or post surgical patients.

Directions:

As a weight loss solution, add 1 – 2 scoops of Protizyme to 8-12oz of cold water and mix. For maximum results consume Protizyme 2-3 times daily as a part of your low carbohydrate, low-fat, and reduced calorie diet.

As a part of a weightlifting, strength and conditioning routine, add 2-3 scoops of Protizyme to 8-16oz of cold water, milk, or other beverage and mix. For maximum results consume Protizyme 2-3 times daily to meet the high protein nutritional requirements needed for muscle recovery and repair.

As a part of an endurance routine, add 1-2 scoops of Protizyme to 8-12oz of cold water, or other beverage and mix. For maximum results consume Protizyme 1-2 times daily. Use as a primary source of protein and amino acids during exercise and immediately following workouts preventing muscle loss and optimizing lean muscle repair.

As part of an optimal health and wellness lifestyle, add 1 scoop of Protizyme to 8-16oz of cold water, milk, or other beverage and mix. For maximum results consume Protizyme 3 times daily, providing a 100% supply of the daily required vitamins and minerals, amino acids, digestive enzymes, and immune-boosting constituents to your diet.

NOTE: To increase the absorption of other proteins, add 1 serving of Protizyme to any protein powder, weight gainer, and/or meal replacement products by further enhance desired results.
