MicroLingual[®]

INSTANT DISSOLVE TABLETS

DIETARY SUPPLEMENT

SuperiorSource

Our Instant Dissolve MicroLingual[®] Tablets may be small but they are full potency! Typical tablets and capsules need to be swallowed and are inefficiently absorbed in the digestive system. MicroLingual[®] tablets dissolve immediately under the tongue heading straight into the body. Our proprietary hydrodrying process results in fewer inactive binders and fillers and a higher ratio of nutritional ingredients—hence the small size. They efficiently provide your body with the nutrients you need right now.*
