SuperiorSource®

Superior Source "Tangy" Orange Melts featuring MicroLingual® Instant Dissolve Technology for accelerated absorbability! Typical tablets and capsules need to be swallowed and are inefficiently absorbed in the digestive system. MicroLingual® "Tangy" Orange Melts dissolve immediately when placed in the mouth, heading straight into the body. Our proprietary hydrodrying process results in fewer inactive binders and fillers and a higher ratio of nutritional ingredients—hence the rapid dissolvability. They efficiently provide your body with the nutrients you need right now.*
