NATURAL APHRODISIAC FORMULA!

HORNY GOAT WEED

HI-ENER-G

HI-ENER-G FEEL THE POWER!

Hi-Ener-G™ now combines Horny Goat Weed with its powerful triple ginseng formula to help maximize your sex life. Hi-Ener-G™ Horny Goat Weed is designed to help maintain a fuller erection as well as increase stamina and desire.

Horny Goat Weed is an herb that has been used in Traditional Chinese Medicine for centuries as a natural aphrodisiac. Horny Goat Weed may increase sexual desire by stimulating your sensory nerves.

This exciting Horny Goat Weed formula also contains Maca and Mucuna pruriens. Maca has been reported to help increase desire while Mucuna pruriens may have the ability to arrest an enzyme responsible for limited performance.

Whereas the Horny Goat Weed formula charges up your sexual energy, the triple ginseng formula helps maximize your physical energy. The Chinese, Korean, and American ginsengs work deep within your cellular matrix for sustained energy throughout the day while the Green tea and guarana hit your bloodstream with caffeine for an immediate effect.

Hi-Ener-G™ Horny Goat Weed delivers a complete performance formula that will help you FEEL THE POWER! as well as gain that special confidence women find seductive and appealing. †
