Interactions:

Caution: Use as directed by your health care professional. Do not take if you have kidney disease, hypercalcemia (high blood calcium) or may have sensitivity to hypercalcemia (such as cancer, hyperparathyroidism, sarcoidosis or other granulomatous disorders), unless directed by your health care professional.

Given that no two people are alike, if you are taking any medications you should be aware that potential drug-nutrient interactions may occur and are encouraged to consult a health care professional before using this product. Combining certain prescription drugs and dietary supplements can lead to undesirable effects such as:

- Diminished drug effectiveness
- Reduced supplement effectiveness
- Impaired drug and/or supplement absorption
