

Suggested Use: As a dietary supplement, take two capsules three times daily. Use prior to workout for best results.

Branched-Chain Amino Acids (BCAAs) are a set of three amino acids (Leucine, Isoleucine, and Valine) that are the largest pool of essential amino acids in the body; altogether they make up about one third of all essential amino acids found in the body. Supplementation may promote muscle protein synthesis, increase muscle growth, and help reduce fatigue after intense workouts.[†]

This BCAA Blend is a formulated 2:1:1 ratio of Leucine, Isoleucine, and Valine.[†]
