

Suggested Use: As a dietary supplement, take one serving (2 scoops) with 8 - 12 ounces of water or suitable beverage. Take up to twice daily, once as a pre-workout 15-30 minutes prior to exercise and/or after exercise as a post-workout.

Branched-Chain Amino Acids (BCAAs) are a set of three amino acids (Leucine, Isoleucine, and Valine) that are the largest pool of essential amino acids in the body; altogether they make up about one third of all essential amino acids found in the body.

Supplementation may promote muscle protein synthesis, increase muscle growth, and help reduce fatigue after intense workouts.[†]

This **BCAA Blend** is a formulated 2:1:1 ratio of Leucine, Isoleucine, and Valine. It is instantized using soy lecithin for easy dissolution in liquids and improved digestibility.[†]

PART# 82110-400ST-6R VER. 2.2 REV. 02/04/2016

INSTANTIZED
BCAA 2:1:1
BRANCHED CHAIN AMINO ACIDS
