

The DIM-plus™ Difference

Patented Complex: DIM-plus™ contains BioResponse-DIM™ with its patented, enhanced bioavailability delivery system.

Enhanced Absorption: The bioavailability of DIM-plus™ is superior to regular diindolylmethane and its unstable precursor, indole-3-carbinol (I3C). With DIM-plus™ you are assured a stabilized dose and consistent benefit from each capsule.

Caution: Do not use this product if you are pregnant or lactating. A harmless but noticeable change in urine color may occur during usage. Keep out of reach of children.
