NORWEGIAN GOLD®

THE ADVANCED FISH OILS

Health Benefits of Omega-3*

Scientific research confirms that taking Omega-3 fish oil is good for your heart because Omega-3s support healthy cholesterol, triglyceride, and blood pressure levels already in the normal range.* Omega-3s also support the body's normal inflammatory response and promote optimal blood vessel, brain, and joint health.*

900 mg Omega-3

1200 mg Purified Fish Oil

Norwegian Gold Critical Omega provides 900 mg of Omega-3 per softgel.

No Fishy Aftertaste Plus Increased Omega-3 Absorption*

Enteric coating helps each Norwegian Gold softgel bypass the stomach to release in the intestines for no fishy aftertaste and better absorption of the Omega-3s.*

Natural Lipase is added to further aid in Omega-3 absorption.* Lipase is essential for oil digestion, yet other fish oils lack this powerful fat-splitting enzyme.*
