

THE HIMALAYAN SUPERFRUIT

Organic Total Goji 100™ is made entirely from whole, sun-ripened goji berries harvested near the awe-inspiring Himalaya Mountains. These deep orange berries grow on long vine-like branches and are a celebrated food in many Asian cultures.

The goji berry's history is as colorful as the superfruit itself. Known as the "Happy Berry", goji has been a staple of indigenous diets for centuries and is still revered today for its support of a positive mood.*

Genesis Today uses the entire berry, harvested by hand and processed using the juice, skin, pulp and seeds. Total Goji 100 is vegetarian, gluten-free, USDA Organic and Kosher. We source, formulate and test Total Goji 100 for purity and taste before offering it to you to ensure that it meets the high standards you expect from Genesis Today.
