

Powerful Anti-Aging Complex

Anti-Aging Total Body Daily Defense helps to fight the effects of aging while supporting whole body health and longevity.*

Fish Oil supplies Omega-3 essential fatty acids for the maintenance of whole body health.*

CoQ10 is found in virtually every cell in the body and is required for cellular energy production, especially in the heart and brain.*

Hawthorne Berry strengthens the heart muscle and supports the integrity of the blood vessels.*

Ginkgo promotes blood circulation throughout the body and enhances cognitive performance and memory.*

B6, B12 and Folic Acid are scientifically researched to reduce homocysteine levels, while supporting heart health and cognitive function as we age.*

Vitamin D is emerging as one of the most important nutrients for whole body health and provides specific benefits in areas affected by aging.*

Lutein is highly concentrated in the retina of the eye and protects against oxidative stress.*

Complete Brain, Heart & Vision Support

Is it possible to slow down the aging process? Well that's exactly what this product intends to do! Anti-Aging Total Body Daily Defense is a doctor-developed formula that nourishes and protects the body's cells, tissues and vital organs.* Focusing on the heart, brain and eyes, plus a strong emphasis on cellular revitalization, this multi-approach product fights the inevitable signs of aging to promote a long and healthy life.*

The "All-in-One" Solution

We understand that it can be burdensome to take numerous pills everyday, so we created this **all-in-one** product that combines key nutrients into one innovative formula.* Anti-Aging Total Body Daily Defense delivers powerful health benefits in just 2 liquid soft-gels per day.* In addition to a quality multivitamin and a wholesome diet, this may be the only product you need to help take care of your health and well being as you age.*

Applied Nutrition is committed to developing science-based products that exceed the highest standards for quality and purity. As a leader in innovation, we continuously strive to bring forward new ideas and groundbreaking formulas that enhance health and well-being.
