*Green Tea Fat Burner maximizes powerful thermogenic action in fast-release Liquid Soft-Gels.† This product has been formulated to provide a highly concentrated form of Green Tea Extract combined with caffeine that while not literally "melting" fat off the body is shown to:

- Increase calorie burning (thermogenesis)*
- Kick-start your fat burning (fat oxidation) ability*
- Provide Powerful Antioxidant Protection*

Green Tea Extract – EGCG and Caffeine, the clinically studied ingredients in Green Tea Fat Burner have thermogenic properties that enhance your metabolism.† The thermogenic mechanism in Green Tea Extract and caffeine oxidizes fat and increases energy expenditure.† When used in conjunction with a reduced calorie diet and exercise this product can assist in achieving your weight loss goals.*

EGCG – Green Tea Fat Burner contains a high concentration of EGCG – clinically researched to help burn calories.† The product contains a full 400 mg of EGCG per maximum daily dose.

Vitality Boost – Natural blend of powerful ingredients researched to further assist weight loss efforts and to provide metabolism-supporting nutrients.*

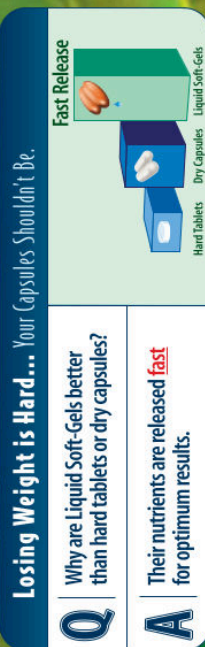

Antioxidant Power – Protects against cell-damaging free radicals.*

What are free radicals?

Free radicals are unstable molecules that bounce around in our cells and cause cellular damage. An overload of these unstable molecules can increase the rate of cellular death, accelerate aging and encourage the development of chronic disease.

Green tea is one of the most powerful antioxidants found in nature. One serving of Green Tea Fat Burner is up to 10 times more powerful in antioxidant activity than a serving of fruits and vegetables by some estimates. Used for centuries in Asia and extensively studied in the Western world, green tea provides powerful protection to your cells as one of the best free radical scavengers in existence.*
