

Alpha-T2 Description from PES

Alpha-T2...the PES first born. Since the beginning of it's time it has always stood in a category of its own, a caffeine free thermo capsule. Generally, the market is made up of two categories of fat burners: stimulant based, and stimulant free. Each category has it's place, but we realized a huge category was missing. We wanted to bring the best of both worlds all rolled into one product...Alpha-T2. Alpha-T2 is a caffeine free product that gives a smooth warm feel, and lasts for hours. Finally you can take a thermo that gives a strong feel without being overwhelmed by caffeine, or better, you can still enjoy your morning cup of coffee.

Manufacturer's Directions

To assess tolerance begin by taking 1 capsule before breakfast and 1 capsule 6-8 hours later. Once tolerance is determined take 1-2 capsules on an empty stomach before breakfast and an additional 1 capsule 6-8 hours later on an empty stomach if needed. For best results do not eat or drink anything with

carbohydrates for 30 minutes after doses. Due to extreme potency do not use product for longer than 8 weeks followed by a subsequent 4 week break. Do not exceed 3 capsule in any 24 hr period.

Manufacturer's Disclaimer

This product is only intended to be consumed by healthy adults 18 years of age or older. It is designed for individuals interested in body building who generally do not have health problems. Pregnant or nursing women should not use this product.
