*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Vitamin C plays an important role in supporting immune system health.*

As an antioxidant, Vitamin C fights free radicals in the body.* Free radicals can contribute to oxidative stress, which in turn may contribute to the premature aging of cells.

Vitamin C also helps to form the molecular basis for healthy skin and other connective tissues.*

DIRECTIONS: For adults, take one (1) tablet up to four times daily, preferably with meals. As a reminder, discuss the supplements and medications you take with your health care providers.
