

**USAGE:** Take 1 capsule up to 3 times per day or as directed by your qualified health care consultant.

**NOTE:** If you have a medical condition (especially diabetes, glucose control, or hypotension), are pregnant, lactating, trying to conceive, under the age of 18, or taking medications (especially for diabetes, glucose control, or blood pressure control), consult your health care practitioner before using this product.

**Acetyl-L-Carnitine Arginate** and **Alpha Lipoic Acid (ALA)** support the mitochondrial production of energy.\* Acetyl-L-Carnitine is found in high concentrations in human brain, nerve, heart, liver and sperm cells, where it participates in metabolizing fatty acids into energy by the mitochondria.\*

Alpha Lipoic Acid is a water and lipid soluble antioxidant required by the mitochondrial matrix pyruvate dehydrogenase complex, which is the starting point of the Krebs or TCA (energy) cycle.\*

Acetyl-L-Carnitine Arginate and Alpha Lipoic Acid work synergistically as antioxidants.\* Acetyl-L-Carnitine Arginate Dihydrochloride is manufactured by Sigma-Tau Industries, S.p.A. (Rome, Italy), the pioneer in L-Carnitine science under U.S. patent # 6,703,042 and Worldwide patent # EP1,202,956.

**Keep out of the reach of children.**
