Bio-Kult® 120 CAPSULES

For healthy digestive and immune systems*

What is a probiotic?

Probiotics are live, beneficial microorganisms that can positively affect your digestive and immune systems by maintaining the balance of good bacteria throughout your digestive tract.

Why Bio-Kult?

Bio-Kult is a scientifically developed, naturally powerful, 14 strain probiotic that supports your body's natural defences by maintaining your gut's beneficial bacteria*.

Directions for use:** 1-2 capsules once or twice daily with food.

For travellers: 1 week before travel follow guidelines for general use. During travel take 4 capsules daily. Continue to take for at least 1 week following the end of travel.

Children under 12: Take half adult dose.

Pregnancy: Bio-Kult is suitable for use during pregnancy, but we would always suggest consulting your doctor or healthcare practitioner before taking any dietary supplement.

** Or as recommended by your doctor or healthcare practitioner.

Do not exceed recommended daily intake.

Strength: Minimum 2 billion probiotic microorganisms per capsule (2 x 10⁹ CFU/capsule), equivalent to 10 billion probiotic microorganisms per gram (> 1 x 10¹⁰ CFU/gram).

Concentration of 2 billion microorganisms per capsule is guaranteed throughout the shelf life.

Allergen advice: Bio-Kult contains traces of soy and milk as these are used in the growth media of the strains. Bio-Kult is a non-GMO product.
