## DIETARY SUPPLEMENT

16 X 1G  
SACHETS

### Directions for use:\*

½ - 1 sachet once a day mixed with milk, water or food (start with ¼ of a sachet for young babies <6 months).

\*Or as recommended by your doctor or healthcare practitioner.

Do not exceed recommended daily intake.

### Strength:

Minimum 1 billion probiotic microorganisms per sachet (1 x 10<sup>9</sup> CFU/g), guaranteed throughout the shelf life.

Bio-Kult Infantis provides a minimum of 1mg of Omega 3

### WHAT IS A PROBIOTIC?

Probiotics are live bacteria that are naturally present in a healthy person's digestive system.

### Bio-Kult® INFANTIS

Bio-Kult Infantis is a scientifically developed, advanced formula for babies, toddlers and young children.

Each sachet contains 7 strains of probiotics, plus DHA & EPA which are Omega 3 fatty acids.

Bio-Kult Infantis also includes Preplex® (Fructooligosaccharides & gum acacia) to selectively stimulate the growth of microorganisms.\*\*

Vitamin D<sub>3</sub> (natural source of Vitamin D) is also added to contribute to the normal function of the immune system.\*\* This formulation makes Bio-Kult Infantis the ideal choice for your infant.

7 protected probiotic strains – proven to survive the high acidity of stomach acid.

No artificial colours, flavours or preservatives.

No need to refrigerate.

Can be stored at room temperature.

Suitable to be taken:

- By babies, toddlers and young children as an introduction to the Bio-Kult range
- Alongside antibiotics
- When travelling
- As part of a healthy diet

### Bio-Kult Infantis 16 x 1g sachets dietary Supplement

Bio-Kult Infantis sachets can be sprinkled onto food, or mixed with a drink.

Dietary supplements should not be used as a substitute for a varied diet and a healthy lifestyle.

Keep out of reach of children.

Store in a cool dry place – out of direct sunlight.

For Best Before End see base.
