Ingredients: trace mineral and electrolyte complex from a combination of colloiddally suspended minerals and desalinated seawater, and methylparaben.

Suggested Use: 2 droppers twice daily. This product is neutral in taste and can be held under the tongue or swallowed directly.

NOTE: Dropper is not intended as a measuring device. If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

As our soil and food supply continues to be depleted of minerals, the need for bioavailable supplementation increases.
