- IFBB PRO FAKHRI MUBARAK

FAKTRITION™ SLEEP N BURN CMLPX was developed to support REM sleep and fat burning effects. REM sleep optimizes athletic performance by allowing the body to be at its most restful state. Sleep is most crucial for muscle healing and repair. The body releases natural growth hormone and engages in protein synthesis during sleep. Several non-stimulant, fat-burning ingredients were added to help increase the body's metabolism.

SUGGESTED USE: For best results, take 3 capsules exactly 20 minutes before bed.

WARNING: Do not use if under 18. Do not exceed recommended dose. Get the consent of a licensed physician before using this product. This product is intended for use by normal healthy adults and is not intended for anyone with any known health conditions or are pregnant, nursing or thinking about becoming pregnant.
