- IFBB PRO FAKHRI MUBARAK

FAKTRITION™ TRI CREA CMPLX is a powerful blend of three of the most performance-enhancing creatines developed. Supplementing with creatine supports gains in strength, power, and muscle growth. The consumption of creatine increases creatine phosphate in the muscle tissue. Creatine phosphate is then used to replenish ATP (adenosine triphosphate), which acts as an immediate energy source for exercise output, which allows you to push the limits of your sport.*

SUGGESTED USE: To experience the best results mix 1 full scoop in 10 to 12 oz of water 30 mins before training. For greater results mix with Faktrition PRE CMPLX.

WARNING: Check with a qualified healthcare professional before taking this product. Do not use if you are pregnant or nursing a baby, under 18 years of age, have any known or suspected medical conditions, and/or if you are taking any prescription or OTC medications. KEEP OUT OF REACH OF CHILDREN.
