Our All Blend Oil

VitalBulk uses only the finest quality nutritional oils in our All Blend Oil. They undergo rigorous quality testing to consistently ensure their purity and quality.

This innovative All Blend Oil delivers polyunsaturated essential fatty acids providing a balanced blend of Omega-3, Omega-6, and Omega-9 oils.

Our quality standards include finding the top sources for our All Blend Oil. Our processing uses only cold pressed methods to extract oil from the flax seed, olive fruit, and walnut. No chemical solvents or heat are used to extract these delicate oils.

Our packaging starts with a black bisphenol A (BPA) free HDPE bottle that protects the delicate oils from damaging oxygen and ultra-violet light. The oils are further protected by nitrogen flushing and an inner and outer tamper evident seal.

This All Blend Oil is made with:

60% Organic Flaxseed Oil
25% Organic Olive Oil
15% Cold Pressed Walnut Oil
