WHAT ARE CHAKRAS? Chakras are seven major energy centers located along our spine to the crown of the head. When we experience stress or other environmental factors, the chakras can become blocked making our bodies' natural energies work too hard. Blocked chakras can manifest in physical, emotional, or spiritual issues. Keeping the chakras open and balanced keeps our energies flowing correctly and can help keep us healthy.

Ayurvedic Inspired

AYURVEDA is the ancient Indian "science of life" that encompasses many aspects of health and wellness. Sundown Naturals Ayurvedic formulas are inspired by a rich thousand year old philosophy that relates imbalances in the mind, body, and soul to blocked energy forces within one of the seven major chakras.

Each Sundown Naturals® Ayurvedic formula is specifically engineered to balance out a chakra and holistically promote overall wellness.
