

USAGE: Take 1 capsule per day with a meal, or as directed by your qualified health care consultant.

NOTE: If you have a medical condition, are pregnant, lactating, or trying to conceive, are under the age of 18, or are taking medications, consult your health care practitioner before using this product.

Cruciferous vegetables such as broccoli have been associated with antioxidant and cellular protection. BroccoMax® contains a standardized concentration of sulforaphane glucosinolate extracted (without solvents) from broccoli seeds. Sulforaphane glucosinolate is metabolized to sulforaphane (isothiocyanate), which is a highly reactive antioxidant. In extensive studies, sulforaphane has been demonstrated to be a potent inducer of phase 2 detoxifying enzymes and protector of DNA.

Keep out of the reach of children.
