Yoga for Total Balance
 Lie flat on your back. Inhale as you bring right knee to chest and left arm overhead to the ground. Exhale and return to the starting position. Switch legs and arms. Continue this alternating movement for 1 to 3 minutes while taking deep, powerful breaths. Keep the energy flowing from the inside out.

Before doing this exercise or participating in any exercise program, consult your physician.

Our story began in 1969 when Yogi Bhajan, an inspirational teacher of holistic living, started teaching yoga in the west. He shared with his students his wisdom and knowledge of healthy living and the beneficial properties of herbs, all while serving a comforting and aromatic spiced tea they affectionately named "Yogi Tea".
