

SUGGESTED USAGE: Take 1 softgel daily with a meal, or as directed by your healthcare practitioner.

HOW IT WORKS: Phosphatidyl Serine (PS) is a naturally occurring phospholipid that is found in especially high concentrations in the cellular membranes of brain and nerve tissues.* PS supports neuronal membrane fluidity and facilitates intercellular communication for healthy neurocognitive function.* PS thus supports the normal utilization of neurotransmitters in the brain.* Research shows that PS supplementation can promote cognitive function and mental acuity.*

CAUTIONS/INTERACTIONS: If you are taking any medications that may affect acetylcholine levels, such as atropine, tacrine or donepezil (Aricept), please consult your healthcare practitioner before taking this product.
