

SUGGESTED USAGE: Take 1 capsule daily, or as directed by your healthcare practitioner.

HOW IT WORKS: Curcumin has long been studied for its neurological support properties; however, it is also known to exhibit generally poor bioavailability, especially with respect to the brain.* Cogumin SLCP™ features Longvida® Optimized Curcumin, which utilizes Solid Lipid Curcumin Particle (SLCP™) Technology. SLCP™ allows for the absorption and circulation of free, unmetabolized Curcumin, which is generally unavailable from generic or soluble forms of Curcumin. SLCP™ allows free Curcumin to penetrate the blood-brain barrier, where it helps to protect brain tissue from free radical attack and supports normal cognitive function.*

CAUTIONS/INTERACTIONS: Curcumin may interact with anticoagulant and antiplatelet medications. If you are pregnant/nursing, taking these medications, or have a history of liver, gall bladder or gastrointestinal problems, consult your healthcare practitioner prior to use.

Do not eat freshness packet. Keep in bottle.
