Same great product with a new name!
Sustenex[®] is now Digestive Advantage[®]

To Support Good Health, Choose Digestive Advantage[®] Daily!

Digestive Advantage[®] targets your specific digestive health needs and with continued use, gives you long-term digestive support.* That's because **Digestive Advantage[®]** contains **BC³⁰**, a natural probiotic that survives 10x better than yogurt to deliver good bacteria where you need it.†

Probiotics are beneficial bacteria that live in your digestive tract and promote digestive and immune health.* Many other probiotics don't survive the harsh acidic stomach environment.

Because the probiotic in **Digestive Advantage[®] Probiotic Gummies** reaches your intestines alive, they are able to provide digestive and immune health benefits where you need them.* **Digestive Advantage[®]** helps lessen minor abdominal discomfort, bloating and may relieve occasional diarrhea.*

† Based on median % survivability of Digestive Advantage[®] vs. probiotic supplements and 20 probiotic yogurts in simulated gastric pH for 2 hours. Survivability and delivery of probiotic cells to the small & large intestines is one of several factors influencing overall product effect.
