Fresh-Pressed

Flora Flax Oil is pressed from certified organic flax seeds (third party certification) that have been carefully selected for flavor and maturity. Each and every batch of flax seed is also tested to ensure it is gluten-free. Flora's Flax Oil has been non-GMO Project Verified in order to ensure the safest, highest quality oil possible.

The seeds are pressed in a state-of-the-art, low-heat, light- and oxygen-free environment—then bottled in light-resistant amber glass to ensure maximum nutritional value and freshness. Flora Flax Oil is a source of omega-3 and omega-6 essential fatty acids (EFA) for the maintenance of good health.*
