What Your Body Needs:

When your life began, you were perfect! You had brand new DNA—the blueprint of life. Healthy DNA results in healthy cells which contribute to overall well-being and the ability to enjoy life. As you grow older, so does your DNA, which can suffer damage by external factors including stress, pollution and poor nutrition.

There's good news: your body produces 300 billion new cells every day and you can make them better. Univera Xtra® is an exclusive formula of 20 natural ingredients to provide powerful cell renewal and help protect your DNA.

Benefits:

- Promotes Vital Energy*
- Supports Mental Clarity and Focus*
- Helps Manage Stress*
- Promotes Joint Comfort and Flexibility*

Univera Advantage:

Xtra contains bioenergetics to optimize cellular energy production, and antioxidant protection to positively impact overall brain function and sharpness.* Xtra is also scientifically formulated with Protectin™, an award-winning, internationally patented compound shown to dramatically improve joint comfort and flexibility.*
