BEST BEFORE:

Yoga for Balance and Energy

Grab the edge of a counter and use it for support as you move your feet backward until you are holding your body at a 45-degree angle. Raise and lower alternate heels without lifting toes off ground. Walk vigorously in place for 1 to 3 minutes. End by standing straight and breathing deep.

Before doing this exercise or participating in any exercise program, consult your physician.

Our story began in 1969 when Yogi Bhaajan, an inspirational teacher of holistic living, started teaching yoga in the west. He shared with his students his wisdom and knowledge of healthy living and the beneficial properties of herbs, all while serving a comforting and aromatic spiced tea they affectionately named "Yogi Tea".
