MegaRed® Joint Care quickly comforts your joints, helping you do more of the things you enjoy.*

A recent human clinical study showed that just one small, easy-to-swallow MegaRed® Joint Care softgel per day comforts joints better than Glucosamine and Chondroitin.^{††} MegaRed® Joint Care begins to provide comfort to your joints in as little as 7 days.^{†*} And unlike Glucosamine and Chondroitin tablets which can be hard to swallow, you just need to take one small MegaRed® Joint Care softgel per day.

Eco-Friendly. Krill is one of earth's most abundant and sustainable organisms. The harvest of krill is well below conservative international catch guidelines. MegaRed® goes a step further by only sourcing krill from the Antarctic where krill is most abundant. This helps the ecosystem maintain a healthy, sustainable krill population.

This product comes from a fishery that has been independently certified to the MSC's standard for a well-managed and sustainable fishery.
