

## MAXIMUM STRENGTH, MUSCLE & ENDURANCE

Throughout the course of man's existence, gold has served as a symbolic representation of power, wisdom, prosperity, and status. Historically, gold has been proven to have a direct effect on the activities of the heart, and helps improve blood circulation to the muscles. Our patent-pending strength formula combines this primal element with nature's finest ingredients to deliver optimal muscle performance.\*

**The 24K Effect:** The increased flow of blood, oxygen and nutrients to your muscles will cause a "tingly" sensation that will be followed by an immediate surge in power; providing extended mental focus, strength, and endurance when performing any physical activity. \*
