SUGGESTED USAGE: Take 1 capsule daily between meals or on an empty stomach, or as directed by your healthcare practitioner. KEEP REFRIGERATED TO MAINTAIN POTENCY.

HOW IT WORKS: Probiotics are friendly bacteria that normally colonize the gut where they help to maintain structural and functional integrity of the intestinal lining, support proper intestinal motility, and participate in the detoxification process.* The presence of healthy gut flora is also known to be critical for normal digestion and immune function.* ProtoDophilus™ is a broad

spectrum probiotic consisting of acid-resistant probiotic bacterial strains that have been clinically validated and

CAUTIONS/INTERACTIONS: Probiotic supplements may cause mild, but transient GI discomfort. Individuals with severe immune system deficit should consult their healthcare practitioner before taking this product. Because antibiotics may inactivate some probiotic bacteria, take at least 2 hours before or after taking antibiotic medications

are known to naturally colonize the human GI tract.*

Do not eat freshness packet. Keep in bottle.
