Why choose **Genacol's** AminoLock® Collagen?

AminoLock® Collagen has the lowest molecular size peptides in the world, at **less than 1 kDa** providing the benefit of **superior bioavailability** and proven effectiveness for joint health*

Genacol® AminoLock® Collagen

Other standard collagen brands

It's not how much you take...

3 PER DAY VS **6** PER DAY

1 kDa vs **3 to 5** kDa

it's how much you absorb!

Smaller molecule vs **Bigger molecule**

Superior Absorption vs **Lower Absorption**

Better results!
