*Daily Value not established.

Other Ingredients: Cellulose, water, (May contain one or more of the following: magnesium stearate, vegetable stearin and silica).

**From Dairyzymes™ by National Enzyme Co.

***From Probiocap™ by Institut Rosell. Lactose, proteins and fats are contributors to dairy food intolerances. Ultra Dairy Support contains the enzymes needed to break down all three categories. † The product has a two-step process, featuring enzymes that are active in the stomach and dairy-metabolizing Lactobacilli that become active in the intestines. † The two Lactobacilli species are protected from harsh stomach acids through a microencapsulation process. †
