BEST BEFORE:

Yoga for Purification

Clear your mind while you cleanse your body. Sit cross-legged or in a chair with feet flat. Inhale deeply and exhale completely. Hold the breath out and pump your navel in and out for as long as you comfortably can. Continue exercise for 1 to 3 minutes. When needed, take another deep breath.

Before doing this exercise or participating in any exercise program, consult your physician.

Our story began in 1969 when Yogi Bhajan, an inspirational teacher of holistic living, started teaching yoga in the west. He shared with his students his wisdom and knowledge of healthy living and the beneficial properties of herbs, all while serving a comforting and aromatic spiced tea they affectionately named "Yogi Tea".

A Renewed You Starts with DeTox

As everyday impurities find their way into our bodies, we may be left feeling tired or out of balance. Our tea uses the time-honored cleansing herbs Organic Burdock and Dandelion in combination with Juniper Berry. In addition, we use a traditional Ayurvedic cleansing blend called "trikatu" (Ginger, Black Pepper and Long Pepper) along with Indian Sarsaparilla for spicy flavor. Licorice with Cinnamon, Cardamom and Clove round out this deliciously spiced blend. When combined with an overall wellness program, DeTox helps bring healthy balance from within.*
