BEST BEFORE:

Yoga to Soothe Body and Mind

Sit cross-legged or in a chair with spine straight and feet flat. Curl your tongue down its length and extend slightly past lips. Inhale deeply through tongue and exhale through nose. Continue for 1 to 3 minutes. Finally, inhale, pull tongue in and hold breath briefly, exhale and relax. Feel the cool burst of refreshment.

Before doing this exercise or participating in any exercise program, consult your physician.

Our story began in 1969 when Yogi Bhaan, an inspirational teacher of holistic living, started teaching yoga in the west. He shared with his students his wisdom and knowledge of healthy living and the beneficial properties of herbs, all while serving a comforting and aromatic spiced tea they affectionately named "Yogi Tea".
