BEFORE:

Yoga to Revive Yourself

Create a triangle by supporting your weight evenly between your hands and the soles of your feet. Elbows and knees are straight, feet and hands shoulder-width apart. Head is between the arms. Breathing normally, hold position 1 to 3 minutes. Let your inner energy awaken your spirit.

Before doing this exercise or participating in any exercise program, consult your physician.

Our story began in 1969 when Yogi Bhaajan, an inspirational teacher of holistic living, started teaching yoga in the west. He shared with his students his wisdom and knowledge of healthy living and the beneficial properties of herbs, all while serving a comforting and aromatic spiced tea they affectionately named "Yogi Tea".
