

[THE CLEAN & LEAN ALTERNATIVE]

ETB's Naturally Whey Protein consists of whey from grass-fed cows free of recombinant bovine growth hormones (rBGH), and sweetened with ingredients naturally found in the leaves of the stevia plant. ETB Naturally consists of proteins strategically broken down into smaller pieces called peptides for faster utilization by the body. You can expect a light and clean flavor with zero after-taste.

Enjoy

Directions: Add one level scoop of ETB Naturally to 8 fl. oz. of cold water, non-fat milk, juice or your favorite beverage. Adjust the amount of liquid to meet your desired taste and consistency. Shake, stir or blend until dissolved.
