

Recovery FactorsTM with IGF-1

Immune System Support*
Immunoglobulins and IGF-1
90 Veg Capsules
A Dietary Supplement

SUGGESTED USAGE: Take 1-2 capsules twice daily.

NOW® Recovery FactorsTM is a bioactive whey protein derived from bovine colostrum that has been microfiltered to achieve a higher protein content. The resultant concentrate includes lysozyme, immunoglobulins, lactoferrin, IGF-1, and other components that are known to support the healthy repair and growth functions of the immune and gastrointestinal systems. This can be especially important for athletes, because intense exercise can temporarily stress the immune system and GI barrier integrity.*
