CAPSULES

HIGH-PERFORMANCE URSOLIC ACID
LEAN MUSCLE • STRENGTH • BURN FAT[†]

Dietary Supplement Net Wt: 300 mg (0.01 oz)

URSO-X™ is a powerful new supplement containing the unique all-natural compound Ursolic Acid that has been shown in scientific studies to increase lean muscle mass and reduce body fat. †

URSO-X™ works by enhancing lean muscle insulin/IGF-I signaling and inhibiting catabolic lean muscle mRNA expression - this triggers muscle growth and inhibits catabolic activity. Along with these anabolic and anti-catabolic effects, **URSO-X™** also has a significant effect on reducing bodyfat.^{1†}

URSO-X™ is a new state-of-the-art natural anabolic/anti-catabolic substrate designed to help you build muscle and decrease body fat faster. †
