| Amount Per Serving %DV                                                                                         |         |         |
|----------------------------------------------------------------------------------------------------------------|---------|---------|
| Total Carbohydrate                                                                                             | 1 g     | <1%*    |
| Vitamin C (as niacinamide ascorbate)                                                                           | 17 mg   | 28%     |
| Thiamin (as cocarboxylase [Coenzymated™])                                                                      | 13 mg   | 867%    |
| Riboflavin (as flavin mononucleotide [Coenzymated™])                                                           | 10 mg   | 588%    |
| Niacin (as inositol hexanicotinate, niacinamide ascorbate, & nicotinamide adenine dinucleotide [Coenzymated™]) | 39 mg   | 195%    |
| Pantothenic Acid (as calcium D-pantothenate)                                                                   | 25 mg   | 250%    |
| Vitamin B-6 (as pyridoxal-5'-phosphate [Coenzymated™])                                                         | 10 mg   | 500%    |
| Folate (as folic acid)                                                                                         | 400 mcg | 100%    |
| Vitamin B-12 (as methylcobalamin & hydroxocobalamin)                                                           | 860 mcg | 14,333% |
| Biotin                                                                                                         | 150 mcg | 50%     |
| Coenzyme Q10 (ubiquinone)                                                                                      | 12 mg   | †       |
| Inositol (as inositol hexanicotinate)                                                                          | 7 mg    | †       |
| *Percent Daily Values (%DV) are based on a 2,000 calorie diet.                                                 |         |         |
| †Daily Value not established.                                                                                  |         |         |

Other ingredients: sorbitol, mannitol, natural peppermint flavor, sodium citrate, natural licorice flavor, and magnesium stearate.

In order for B-vitamins to be utilized by the body, they must first be converted into their active coenzyme forms. **COENZYMATE™ B COMPLEX** in its active form is ready to go to work immediately.\*

**Suggested Use:** 2 lozenges daily. For best results, allow to dissolve in the mouth before swallowing.

**NOTE:** If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

**Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.**

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
